Tel. 020-5224365
Mobile: 0722395900/0733738793

About the Conference

The ICT Management and Leadership Conference is the leading networking forum on the calendar for ICT professionals and Industry to meet and share the latest knowledge, ideas and best practices from across a range of sectors and applications. The event is particularly relevant for ICT professionals seeking to enhance their continuous professional development training as it deals with current cutting edge development in technology, technology application, and management. The knowledge gained at this 2½ day event is sufficient to earn the required CPD points for the year.

Each year we have a select group of highly qualified and experienced resource personnel that lead discussions on the pertinent issues affecting ICT and the workplace. We also incorporate industry speakers who give an account of the latest available technologies from their domains.

Improvements from 2014 Event:

1. Reduction and consolidation of topics to enhance deeper discussions. There will be 8 topical themes.
2. Enhanced interactive sessions
3. Increased use of audio-visual aids and technology
4. Increased participation from ICT Industry with latest technology
